

OFFICE REFURBISHMENT NEEDED FOR QUICK SALE

BASSI FASHIONS, LEICESTER

PROJECT OVERVIEW

Our client, Bassi Fashions Ltd required CS2's expertise in building pathology, design, contract administration and CDM co-ordination to return their office to a condition suitable for marketing. CS2 delivered the project on time and within budget. The works included the removal of extensive partitioning, a new suspended ceiling, LG7 compliant lighting installation within the office areas and new WC accommodation at both ground and first floor level. The mechanical and electrical installations were refurbished and repaired and the existing vertical lift was enhanced to ensure compliance with the Disability Discrimination Act (DDA). leic

SERVICES PROVIDED

Contract Administration

POSITIVE OUTCOMES

- Project completed both on time and within budget
- Upgrade to vertical lift to comply with the Disability Discrimination Act (DDA).
